

Het Dhameliya (React js Developer)

Motivated and detail-oriented React.js developer with 2 years of experience in building responsive, dynamic web applications. Skilled in JavaScript, react js, next js, and modern front-end development practices. Seeking to leverage my expertise in delivering high-quality user interfaces and scalable solutions to contribute to innovative projects

Work Experience

implies solution (1.5 year)

Jan 2023 - May 2024

- Began as an intern and transitioned to a full-time React.js developer at Implies Solutions. Worked on various React.js and Next.js projects, delivering high-quality, responsive web applications for clients and the company. Gained strong technical skills in modern web development while enhancing communication and collaboration within the team.

Deskcode Solution (7 month)

May 2024 - Present

- Currently working as a developer at Deskcode Solution, focusing on both web and mobile application development. I build cross-platform mobile apps using React Native, Firebase, and Capacitor.js, and also develop responsive web applications with React.js. In addition to coding

Educational Background

Bachelor Of Computer Application (BCA)

Veer Narmad South Gujarat University

- **8.88 CGPA** with First class With Distinction
- Graduated with First Class with Distinction, gaining a strong foundation in computer science and applications.
