## Experience:-

implies solution - (May 2023 - Jun 2024)

React js developer

- Began as an intern and transitioned to a full-time React js developer at Implies Solutions. Worked on various React js and Next.js projects, delivering high-quality, responsive web applications for clients and the company. Gained strong technical skills in modern web development while enhancing communication and collaboration within the team.

Deskcode Solution Pvt. Ltd. - (Jun 2024 - Present)

#### React js & React Native developer

- Currently working as a developer at Deskcode Solution, focusing on both web and mobile application development. I build cross-platform mobile apps using React Native, Firebase, and Capacitor.js, enabling seamless hybrid application experiences. On the web side, I develop responsive and performant web applications using React.js. In addition to coding, I contribute to UI/UX improvements, API integration, and debugging to ensure robust and scalable solutions across platforms.

### Education:-

Bachelor Of Computer Application (BCA) from Veer Narmad South Gujarat University

- 8.88 CGPA with First class With Distinction
- Graduated with First Class with Distinction, gaining a strong foundation in computer science and applications.
